

December NEW Product Information & Selection Form

To our wonderful bcharmed Stylists -

We are proud to introduce you to a most beautiful collection of newly arrived December jewelry...just for you! Our designers have been working tirelessly to help create many of the one-of-a-kind pieces you'll see in the following pages. We are thrilled to be working with such amazingly talented women.

The items are now available to you and your customers. Your personal discount of 60% will last until December 11th. Please be sure to get your items selected and the selection forms faxed or emailed into bcharmed before then. Also, for many of the pieces you see in this collection, our designers have added some comments of their own about the individual items. These comments you may find when you select the item when creating an order.

If you haven't had a chance to see our designer's faces and read their stories, here are some brief notes about who they are and what inspires them.

At last, here we are at the end of a year and a beginning of another, and once again we are inspired by the tremendous efforts of each one of you...keep up the great work! Your dreams are closer than you think!

Meet a few of our Designers:

Heidi Beck

Heidi has taken photography, ceramics, and interior design classes, but she credits her mother for giving her an eye for beautiful things. Heidi's mother loves jewelry and is passionate about antiques. Heidi fondly recalls hunting for treasures with her mother. Heidi was certainly blessed with an eye for jewelry design. Her love of design is evident in her beautiful jewelry creations.

Paula Bsharah

You'll love the eclectic feel of her jewelry! Paula is drawn to organic shapes and colors from nature. She is inspired by many things, but especially by color and texture. She says she has been known to take a walk and return with inspiration from a flower, or the feel of a rock or twig.

Sometimes an idea will come to Paula as she spreads out her chain, beads, and charms. But that's not to say that she doesn't find inspiration in her closet! She loves designing something special for a new outfit. Creating pieces for her daughters is a favorite chore!
